Professionally edited teaser
Professionally edited final cut
All video messages provided separately and uncut
Pre-wedding couple's interview
Video invitations

DESCRIPTION OF SERVICES

Filming for all packages will begin at a time of your choosing and will end 8 or 12 hours later, depending on the package. We will endeavour to capture as much footage as possible during this time, though some breaks in filming will be required. As a minimum we will film the wedding ceremony in its entirety, all wedding speeches, and we will also perform a private shoot of the newly married couple, as well as any other friends or family members the couple might wish to be involved. Other than these events, filming will continue throughout the day, and the subjects of the filming will be decided by the camera operator. If you would like anything specific filmed during your wedding, please let us know.

We will offer to meet with the couple on a date prior to the wedding to discuss specific needs or wishes regarding the style and subjects of filming, as well as the style of editing and timings of major events throughout the day. The camera operator will then endeavour to film in the style of your choosing on the day of your wedding.

All footage will be shot in 4K video resolution.

USE OF DRONE

Drone footage is included as standard with all packages, though is dependant on weather conditions. We may not be able to fly if it is raining, windy, or if the safe flight of the drone may be affected by any other factor. Use of the drone may also be affected by local aviation rules, and is also subject to the permission of the land owner at the wedding venue.

WEDDING MESSAGING SERVICE

The Wedding Messages Service is included as standard with all packages. This involves wedding guests leaving video messages to the newly married couple via a handheld camera. The camera will be operated by one of our team. This can be done at a time of your choosing, or simply where possible throughout the day.

FINAL PRODUCTS

Following the completion of filming we will edit together the footage into a film approximately 10-20 minutes in length. A soundtrack will be included, as well as transitions, effects and filters, which will be decided by the editor.

You will receive a teaser trailer for your wedding video within one week of the completion of filming. This trailer will last 1-2 minutes. You will then receive a copy of the final video on a USB stick within 4 weeks of the completion of filming.

COUPLE'S INTERVIEW SERVICE

As detailed above, included in the Platinum Wedding Package only is the Couple's Interview Service. Filming for this will be undertaken on a date no later than 1 month prior to the wedding. Filming will last approximately 30-40 minutes and involves the couple being asked various interview-style questions. This footage will be edited into a separate film which can be shown during the wedding itself. Footage from this may also be used in the final wedding video.

WEDDING INVITATION SERVICE

Also included in the Platinum Wedding Package only is the Video Invitation Service. Filming will be undertaken on a date no later than 1 month prior to the

wedding, and may be done on the same day as the Couple's Interview. This service involves the couple filming personalised video invitations, detailing the date and time of the wedding, as well as specific invitees, which may be sent to friends and family. This video will be 10-30 seconds in length, and digital copies only will be provided.

DEPOSIT

In order to book any of our services a £200 deposit must be paid. This will secure the date of filming, as long as we are available to undertake filming on the desired date. This deposit is non-refundable, but under certain circumstances we may offer to re-book for an alternative date if you are unable to go ahead with the original date. The remaining payment for services must be paid no later than 1 month prior to the date of filming. Any pre-arranged discounts will be deducted from the total price of the package.

We look forward to filming your special day.

Best wishes,

Graham Wilcock
